Name \_\_\_\_\_

Text Structure:  
Sequence  
.....  
Lesson 10

► Read the passage. Think about the way the author organized the information. Then fill in the graphic organizer.

Lemonade can be a refreshing drink on a hot day. Here's how to make it. First, squeeze the juice from five fresh lemons into a bowl. Then, dissolve one cup of sugar into one cup of warm water. After the sugar is dissolved, pour the mixture into a large pitcher and stir in four cups of cold water. As a variation, you can use carbonated water to make fizzy lemonade. Finally, pour in the fresh lemon juice and stir the liquid well with a spoon. Now your lemonade is ready to enjoy!
